# Preschool At A Glance

Within the Donalda School Preschool program students will be given the opportunity to learn through hands-on activities and experiences. Through these experiences they will be developing socially, emotionally and academically. We will encourage social and personal growth and nurture a love of learning and school.

Our classroom supports student learning through a balanced academic and play program. A day in preschool includes a mix of hands-on activities in: centers, learning stations, crafts and community play.

We at Donalda School practice a high level of communication regarding your child's progress. A partnership between the classroom and home further supports student success. You can expect monthly classroom newsletters.

For the 2025-2026 school year, preschool will operate on Tuesdays and Thursdays, 1:10 pm - 3:10 pm, starting September 16, 2025 and ending May 28, 2026.

We look forward to having you be a part of Donalda School and our Preschool program.
